# **Introduction**

## **Government Schools in A.P**

### **Scope of the document:-**

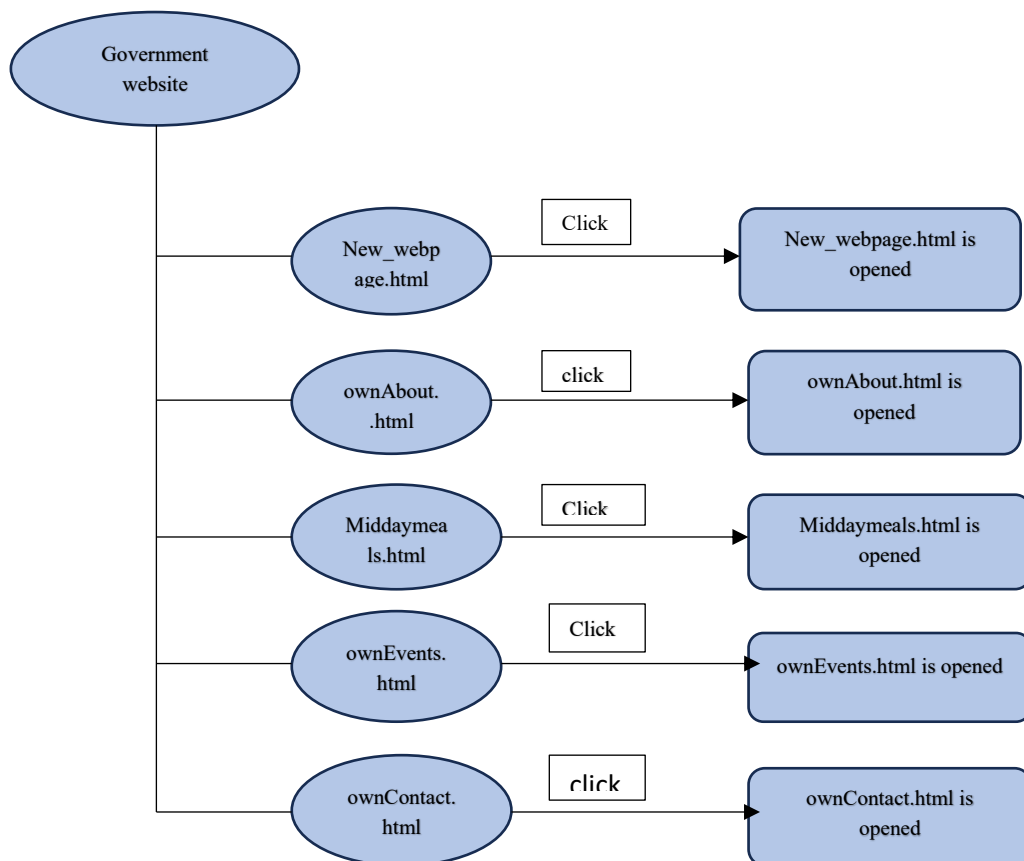

Andhra Pradesh government school website is quite extensive and beneficial. It typically includes essential sections like Home, About Us, Academics, Events, Mid-Day Meals, and Contact Us. The Home page introduces the school and provides quick access to important Academics showcases the curriculum, academic calendar, and resources for students. Events keep everyone informed about school activities and provides event registration options. Mid-Day Meals provides information about the school's meal program. Contact Us offers contact details and often includes a map for easy location reference. Such a website enhances transparency, communication, and engagement within the school community. It helps parents, students, and the public access information efficiently, promotes the school's achievements, and allows for feedback and interaction, contributing to the overall educational experience in Andhra Pradesh government schools.

## ROOT STRUCTURE:-

- Government school website
  - Code
    - HTML
      - New\_webpage.html
      - ownAbout.html
      - ownAcademics.html
      - middaymeals.html
      - ownEvents.html
      - ownContact.html
    - CSS
      - webpage.html
  - Screenshots
    - Home\_SS
      - Home1.png
      - Home2.png
      - Home3.png
      - Home4.png
      - Home5.png
      - Home6.png
    - About\_SS
      - About1.png

### Control Flow Diagram:-

## **HISTORY OF HTML:**

**HTML stands for Hyper Text Markup Language.**

- It is used to share the information over the internet.
- HTML is developed by Tim Berners-Lee in 1991. But officially in 1993.
- The First version of HTML consists of “18 tags”.
- HTML follows certain rules and regulations setup by “ISO”.
- International Organization for standardization is set of rules and regulation are present in ‘SGML’ document.

## **Versions of HTML**

- **HTML-1** version in the year 1993.
- **HTML-2** version in the year 1995.
- **HTML-3.02** version in the year 1997.
- **HTML-4.1** version in the year 1999.
- **HTML-5** version in the year 2014.

## **Features of HTML**

- It is easy to Learn.
- It is a tag-based language.
- HTML is supported by multiple browsers.
- First web browser is Netscape navigation which was developed by the “Mosaic”.
- It is a portable language.
- **WORA** stands for ‘write once run anywhere’

## **Limitations of HTML**

- HTML has fewer designing capabilities
- It is dependent on other technology such as CSS in order to develop well designed webpages.
- HTML has no programming capabilities.
- Using HTML and CSS we can develop only static Web page.
- In order to write the HTML code required an editor such as VS Code, Notepad, Eclipse.
- In order to execute the HTML code, we required Web browsers like Chrome, Firefox, edge, Opera Safari.

## **CSS**

- **CSS** stands for “Cascading Style Sheets”.
- It was developed by W3C to add stylings to the HTML elements.
- W3C stands for World Wide Web.com

### **Versions of CSS:**

- **CSS-1** (Level-1) in the year 1996.
- **CSS-2** (Level-2) in the year 1998.
- **CSS-3** (Level-3) in the year 1999.

### **Why do we require CSS ?**

- Since HTML has fewer designing capabilities we cannot create well designed or most appealing Websites.
- Using HTML we cannot add style, animation and transitions to the Webpage.
- Therefore, we require CSS to create well designed Webpage

### **Advantages of CSS**

- It allows to add styles, animation and various effects to the Webpage.
- It allows us to develop the Webpage rapidly. It is also known as RAD ( rapid application Developer).
- It allows us to separate from formatting develop page to the presentation of Webpage.
- It allows to create well designed Websites.

## **Limitations of CSS**

- Using CSS, we can perform static styles for the Webpages.
- In order to create dynamic styling for the Websites. We must make use of scripting language such as JavaScript and Libraries of JavaScript.

## **Types of CSS:**

1. Inline CSS
2. Internal CSS
3. External CSS
4. Default Browser CSS

### **Inline CSS:**

Defining all the CSS properties within the style attribute inside the opening of the tag is referred to as Inline CSS.

### **Internal CSS:**

Defining all the CSS properties within <style> inside the HTML document is referred to as Internal CSS.

### **External CSS:**

Defining all the CSS properties within as external Script or File with an extension CSS is referred to as External CSS.

- In order to link external CSS file within the HTML document we must use of <link>.
- The value for the 'ref' attribute should be "stylesheet".

## Our Project

<p class="para">Government schools or public schools run under the control of the Central government of India. The government had the aim of imparting quality education and opportunities for growth to all the children of the country. To ensure that the students of economically weaker sections of the society get quality education, the government schools are free education up to the age of 14. Schools run by state and local governments are also a part of them. Students of 20 states, reaching 113 billion, studying in government schools. The following page presents 13 schools, the first one is Manuu Model School at Fatima Nagar, Falaknuma, Hyderabad, Andhra Pradesh Hyderabad Telangana India 500053 and the last one is Space Central School located at Sriharikota Dist.Nellore Andhra Pradesh Nellore Andhra Pradesh India 524124.

</p>

<p class="para"> Andhra Education Society was therefore founded on 5 June 1948 by Dr. Durgabai Deshmukh along with a few other eminent Telugu persons living at that time in Delhi. It was registered as a Society with the aims and objects to provide facilities for imparting and promoting education of Telugu language and to inculcate, promote and preserve Telugu culture among Telugu People living in Delhi. The schools today impart education to not only Telugu-speaking children but also to several non-Telugu students from various sections of society.[1]</p>

## Academic Calendar 2023-24 for AP Schools

The Academic Calendar 2023 for schools in Andhra Pradesh is usually planned out in advance and made available to students, faculty, and staff. It is an important tool for helping everyone in the school community stay organized and keep track of important dates and deadlines.

The academic year in Andhra Pradesh typically runs from June to March, with the summer break occurring in the months of April and May. Schools in the state typically follow a semester-based system, with two semesters per academic year. The first semester runs from June to October, while the second semester runs from November to March.

In addition to the academic calendar, schools in Andhra Pradesh may also have a separate calendar for extracurricular activities and events, such as sports, music, and drama. These calendars help students and parents stay informed about these activities and plan their schedules accordingly.

Every year, DSE AP would release the AP School Academic Calendar for Primary Schools, Upper Primary Schools and High Schools for conducting academic activities in Schools.

School Academic Calendars are to be followed in Primary, Upper and High school in the State. School Education Department, Andhra Pradesh has given instructions and guidelines for school teachers on teaching in Primary, Upper Primary and High School in the state.

## AP Schools Opening Date 2023

As per the DSE Andhra Pradesh guidelines, AP Schools Opening Date 2023 or AP government schools opening date is 12-06-2023 for Class 1 to Class 10 students in Andhra Pradesh.

Every year, Andhra Pradesh Schools will reopen on June 12. It will be applicable for both private as well as government schools in Andhra Pradesh. The schools will reopen for the current academic year on June 12.

<h2 class="hh1">Games and Sports</h2>

As sports is very important for the overall growth of the students, the State government with the coordination of Samagra Shiksha Abhiyan has distributed sports equipment to all government schools in the district. Sports equipment worth Rs 2.7 crore were distributed to as many as 3,240 government schools and 46 junior colleges present in the district.

Games and Sports give the best exercise to the body. The toned body becomes active and energetic through physical exercise in games. In this way games and sports not only freshen the mind but improve the internal strength of the body, making digestion good. It also teaches students the value of discipline and the lesson of coordination and brotherhood to students.

## Importance of Games and Sports

There is great importance of games and sports in our life. The games make active and healthy and health is true wealth. Our body is like a machine and it helps to run a machine smoothly by providing it with proper exercise and strength. They teach us team spirit also. The importance of games and sports in maintaining our physical as well as mental health. They teach us cooperation in games, the player thinks for the whole team.

The players develop the spirit of self-sacrifice. Games and sports also help in increasing the IQ of students and the ability of the mind. Young and interested people can have a bright carrier in the sports profession too. Participation in sports is helpful for everyone. We must regularly take part in at least one sport to stay fit and fine. Teachers and parents should also encourage children to participate in sports.

<h2 class="hh1">Cultural Activities</h2>

<p class="para">The cultural activities are those events or meetings organized by a  
certain society or cultural group with the aim of creating, disseminating or promoting the

culture of a group or social sector. For instance: a classical music festival, a gastronomic fair.

These types of activities are usually promoted by public or private organizations of a community (municipalities, embassies, cultural centres, museums) to transmit their culture and identity. They can be directed to a region, a country, a town or just a few people.

Cultural activities make it possible to generate bonds of union between members of the same community. They transmit beliefs, customs, traditions and knowledge from generation to generation; through art, dance, poetry, music, clothing, gastronomy, theatre, literature.

```
<h2 class="hhh1">What is a mid-day meal?</h2>
```

```
<p>A mid-day meal is a school lunch provided to children in government and government-aided schools in India as a part of the PM-POSHAN
```

```
(POshan Shakti Nirman) initiative (formerly the Mid-Day Meal Scheme) to improve their nutritional levels and support their education.</p>
```

```
<p>In November 2001, the Supreme Court of India passed a mandate stating, "We direct the state governments/union territories to implement
```

```
the Mid-Day Meal Scheme by providing every child in every government and government-assisted primary school with a prepared midday meal."</p>
```

```
<p>The provision of mid-day meals in India has helped in:</p>
```

<ul>

<li>Increasing enrolment in schools</li>

<li>Increasing attendance</li>

<li>Mitigating classroom hunger</li>

<li>Helping students concentrate in the classroom</li>

<li>Reducing the drop-out rate among students</li>

<li>Addressing the issue of malnutrition among children</li>

<li>Empowering women through employment</li>

<li>Improving socialisation among children</li>

</ul>

## <h2 class="hhh1">Mid-Day Meal Menu</h2>

<p>The Mid-Day Meal Rules, 2015 state that ‘Every child within the age group of six to fourteen years studying in classes I to VIII who enrol and attend the school,

shall be provided meal having nutritional standards as specified in Schedule II of the Act, free of charge every day except on school holidays.’ It further adds

that ‘The meal shall be prepared in accordance with the Mid-Day Meal Guidelines issued by the Central Government from time to time and in accordance with the provisions of Schedule II of the Act.’ It stipulates that mid-day meals should provide

450 calories and 12 grams of protein for children studying in classes I–V and 700 calories and 20 grams of protein for children in classes VI–VIII.</p>

<p>At Akshaya Patra, the mid-day meal menu is designed after taking into consideration multiple factors like, including:</p>

<ul>

<li>MDM guidelines</li>

<li>Regional Palate</li>

<li>Taste </li>

<li>Flavour</li>

<li>Nutritional Value </li>

</ul>

<p>At Akshaya Patra, we aim to implement the Government of India’s PM-POSHAN initiative with utmost care and deliver maximum nutrition to children in government and government-aided schools whilst adhering to the aforementioned factors. For instance, we

use a variety of seasonal vegetables and locally available ingredients to ensure menu diversity and regional suitability. Similarly, a variety of spices,

condiments and vegetables are used to add to the flavours. Due adherence to local palate means we serve Sukhdi in Gujarat, Dalma in Odisha and Bisibelebath in Karnataka.</p>

## **Conclusion**

In conclusion, this website is used to learn about the infrastructure, midday meals, educational quality, and sports offered at government schools. This website educates the public about the benefits of enrolling kids in public schools and demonstrates the parity between public and private education.

Government schools offer equal education to all students and do not display caste prejudice. It provides free instruction. The emphasis is on sports, regardless of the student's interest in them, and PET sessions urge students to keep up their physical health.
